

# Your Powerful Prescription for Snoring and Sleep Apnea.

## **TAP<sup>®</sup> III TL**

Relaxed jaw position causes tongue and throat tissue to collapse and narrows the airway.

TAP maintains forward jaw position and keeps the airway open!

### **Patients:**

*Please print this sheet and take it to your dentist who can prescribe you a TAP III TL.*

### **Dentists:**

*Call 800-854-7256 to order.  
Visit [glidewelldental.com](http://glidewelldental.com) for more info.*
